

To Whom It May Concern:

I am writing on behalf of (name) _____, a member of our online congregation at Asian International Missions, in Washington, regarding their religious conviction against forced vaccines.

We do not wish to be labeled as anti-vaccine or anti-science, however, the well-documented process of vaccines developed from animal and aborted human fetal tissue has compelled us to stand by our congregants who refuse to comply with mandatory vaccinations.

We strongly support their deeply held Biblical conviction as a believer in, and follower of Messiah Yeshua (Jesus Christ) and any of our congregants to resist the pressure for vaccinations.

We are convinced that the nature of many other contaminants within vaccines should be a reason to grant exemptions to believers whose bodies are, as the Scripture states, the “temple of Yeshua”.

- 1 Corinthians 3:16-18 - “Don’t you know that you people are God’s temple and that God’s Spirit lives in you? So, if anyone destroys God’s temple, God will destroy him. For God’s Temple is holy, and you yourselves are that temple.”
- 2 Corinthians 7:1 - “Therefore, my dear friends, since we have these promises, let us purify ourselves from everything that can defile either body or spirit, and strive to be completely holy, out of reverence for God.”

We must follow the Word of God and we also exhort others to a conscientious objection to these vaccines. Yet, our deep love and care for others makes us determined to seek alternatives that ensure others’ safety in each individual case, and ensure that such alternatives do not violate one’s freedom of choice.

We thank you for granting this religious exemption and as such respecting religious freedom.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tai Niblack', is written over a thin horizontal line.

Questionnaire:

- Please identify your sincerely held religious or moral/ethical belief, practice or observance that is the basis for your request for an exemption from the COVID-19 vaccine requirement.

I believe my body is the temple of the Holy Spirit. Please see from the Bible 1 Corinthians 6:19-20, 1 Corinthians 3:16-17 and last but not the least, 2 Corinthians 7:1 which says, "Therefore, since we have these promises, dear friends, let us purify ourselves from everything that contaminates body and spirit, perfecting holiness out of reverence for God."

- Please explain how your sincerely held religious or moral/ethical belief, practice, or observance conflicts with COVID-19 vaccine requirement.

It is against my personal, religious convictions to accept the ingredients and other contaminants; the nature of how these vaccines were developed from animals and aborted human fetal tissues; and the absence of, by standard, several years of trials to determine short and long-term safety or adverse effects.

- Please identify who can verify your sincerely held religious or moral/ethical belief practice or observance. Examples may include a pastor, minister, spiritual leader, or friends and family members.

Pastor Tai Niblack, Pastor Editha Niblack, Glenda Cortezano

- Please identify how long you have followed your sincerely held religious or moral/ethical belief, practice, or observance. * (Limit to 1000 characters)

- Since (Year)_____

- Please provide any additional information that you think might be helpful in reviewing your exemption request.

- My individual right of bodily integrity and my right to refuse medical treatments- particularly, but not exclusively, experimental ones- for religious, moral, ethical, and medical reasons, is protected by federal law and regulatory policy. In most cases, my rights are also protected by state law. People of biblical faith have a duty to honor and care for the body God has given us a temple of the Holy Spirit (Romans 12:1, 1 Corinthians 3:16, 1 Corinthians 6:20, 1 Corinthians 10:31). I believe that I have the right to uphold my own integrity and moral conscience and a right to decline the vaccine. I believe the decision regarding vaccination must be determined by the individual and I am acting on my right of freedom of religion and freedom of conscience. (Romans 13:1)
